COMMERCIAL PROPOSAL

Exclusive herbal teas from Wild Siberia

Siberian tea is a world treasure! Herbs, harvested in Wild Siberia, are a source of longevity and health. Our teas recommended for sale in green stores as healing drinks with a limited harvest period.

Gathering in an ecological reserve, away from harmful industries and human activities. Pure herbal teas that grow only in Wild Siberia.

Useful properties of tea

- Rich in vitamins and trace elements;
- Soothing or tonic effect, depending on the variety;
- Prevention of lung and throat diseases;
- Anti-inflammatory effect;
- Normalizes the functioning of the gastrointestinal tract.

- We supply up to 5 tons of finished products per year
- Availability of stock

Ljubljana (Slovenia) | Vienna (Austria) | Ho Chi Minh (Vietnam)

- It is possible to provide an installment payment, subject to contract insurance at the expense of the buyer.
- We always provide product training, and if necessary, we provide everything for tasting – crystal teapots, tea, a presentation, and the entire information block.
